About Me

As a Frontend React.js Developer, I specialize in creating dynamic, responsive, and user-friendly web applications. With expertise in building reusable components, managing state efficiently, and integrating APIs, I focus on delivering seamless user experiences. Passionate about clean code and performance optimization, I am committed to driving innovation and helping businesses succeed by developing scalable and visually appealing interfaces

Skill Highlights

- Responsive Web Design
- State Management (Redux, Context API)
- API Integration (RESTful APIs)
- Cross-Browser Compatibility
- React.js & Component-Based Architecture
- Version Control (Git/GitHub)
- Performance Optimization
- Backend Development

Experience

As a Frontend Developer at Brandora, I specialize in creating responsive, user-friendly web interfaces using React.js. With a focus on performance optimization, reusable components, and seamless API integration, I deliver scalable solutions that enhance user experience and align with business goals. My role involves turning complex requirements into intuitive designs, driving impactful digital experiences.

Education

Graduation – (2020- 2024)
Government Post Graduate College, Kohat, KPK, Pakistan

Certifications
